Resolution 3-26-S. Resolution to Support More Bicycle Racks on Campus

- PURPOSE:** For the Student Government Association of Western Kentucky University to Support the Installation and Updated Mapping of more Bicycle Racks across campus.
- WHEREAS:** Bicycles, scooters, and other forms of wheeled transportation are often utilized by the WKU community for commutes to and around campus, and
- WHEREAS:** WKU has made prior efforts to install bicycle racks across campus to promote safe biking, healthy habits, and sustainable transportation. However, with constant campus upgrades and construction projects, recent additions have not taken place, and
- WHEREAS:** The lack of bicycle racks in front of campus buildings, such as Grise Hall, leads to students, faculty, staff, and other members of the WKU community utilizing unconventional methods for securing their belongings, such as locking scooters to handrails. These methods can often obstruct access to buildings or accessibility routes, and
- WHEREAS:** WKU has previously published the locations of bicycle racks across campus, but has since not updated these locations, leading to confusion for students who depend on these resources to make informed decisions, and
- THEREFORE:** Be it resolved that the Student Government Association of Western Kentucky University supports the Installation and Updated Mapping of more Bicycle Racks across campus.
