BSW Job Description

Mission: To provide positive, client centered counseling, therapy and behavioral and mental health services.

ESSENTIAL DUTIES AND RESPONSIBILITIES:

- Assess clients' needs, situations, and support networks to determine their goals.
- Develop and implement care plans to improve clients' well-being.
- Advocate for clients to obtain resources and services.
- Maintain accurate records and documentation of client interactions.
- Collaborate with other professionals to coordinate care of clients.
- Assist clients in crisis situations and connect intervention services.
- Monitor clients' progress and adjust care plans as needed.
- Educate clients and their families about available resources and services.
- Ensure compliance with legal and ethical standards in social work practice.

REQUIREMENTS AND QUALIFICATIONS

- Student in BSW Program.
- Previous experience in social work or human services.
- Strong interpersonal and communication skills.
- Familiarity with community resources and services.
- Ability to handle high-stress situations effectively.
- Proficiency in using social work software and tools.
- Excellent communication and listening skills.
- Empathy and the ability to build rapport with clients.
- Strong organizational and time management skills.
- Ability to work independently and as a part of a team.
- Knowledge of social work principles, practices, and ethics.
