**Program:** Community Action for a Renewed Environment (CARE)

**Agency:** U.S. Environmental Protection Agency

**Next Deadline:** Mar 2012 (tentative)

CARE is a community based, community driven, multimedia demonstration program designed to help communities understand and reduce risks due to toxics and environmental pollutants from all sources. Program will help communities form collaborative partnerships, develop a comprehensive understanding of the many sources of risk from toxics and environmental pollutants, set priorities, and identify and carry out projects to reduce risks through collaborative action at the local level. FY 12 announcement expected in late December with a March 2012 deadline. See http://www.epa.gov/care/ for updates. E-mail: oconnor.dennis@epa.gov

**Program:** NIH Director's Early Independence Awards  
**Agency:** National Institutes of Health  
**Next Deadline:** Jan 30, 2012  
Supports (DP5) exceptional junior scientists, who have already established a record of innovation and research productivity, to launch an independent research program. Support is provided to institutions that propose to appoint & support exceptional, early career scientists directly following the completion of their Ph.D. or M.D. into an independent academic research position, thereby omitting the traditional postdoctoral period from their career path. Limited submission: only two submissions per institution. In FY 12, $4 million available to fund 10 awards. See http://commonfund.nih.gov/earlyindependence/

Program: Small Grants Program for Cancer Epidemiology
Agency: National Institutes of Health
Next Deadline: Mar 19, 2012
Supports pilot projects (R03) testing new techniques, secondary analyses of existing data, or innovative, high-risk projects that could provide a basis for more extended cancer epidemiologic research. High priority areas in cancer epidemiology research are methods and technologies; identification of modifiable risk factors; identification of host susceptibility factors; and clinical and translational epidemiology. The small grant is not renewable. Applicants are strongly encouraged to contact NCI before initiating the application. Expires 11/19/14. Program: Translational Research for the Prevention and Control of Diabetes and Obesity
Agency: National Institutes of Health
Next Deadline: Mar 01, 2012
NIDDK, NICHD & OBSSR support research demonstration dissemination projects (R18) to test the effectiveness of interventions to prevent & control diabetes & obesity that have a high potential to be adopted & sustained in applied health care settings. Approaches must be based on widely accepted interventions previously demonstrated to be effective in clinical trials. Research must target prevention or reversal of obesity, prevention of Type 2 diabetes, improved care of Type 1 & Type 2 diabetes or the prevention or delay of complications of these conditions. Expires 3/2/12. See http://grants.nih.gov/grants/guide/pa-files/PAR-09-176.html E-mail: ch514c@nih.gov
