Program Title: Honors College

Option would be required to earn credit for HON 251 (Citizen and Self), nine hours of Lower-Division Honors credit, six hours of Honors credit from any level, six hours of elective Upper-Division Honors credit, three hours of Upper-Division Honors credit in their major, and six hours of Capstone Experience/Thesis credit.

For this new distribution, Honors College students in Non-Thesis Option would be required to earn credit for HON 251, nine hours of Lower-Division Honors credit, six hours of Honors credit from any level, six hours of elective Upper-Division Honors credit, and nine hours of Upper-Division Honors credit in their major.

For students in both the Thesis and Non-Thesis options, their minimum nine hours of lower-division Honors credit must be earned in at least three different academic colleges other than the Honors College; therefore, HON 251 does not satisfy this requirement.
