Current Prerequisites/Corequisite: Prerequisites: BIOL 120/121 and BIOL 122/123
Corequisite: BIOL 225
Proposed Prerequisites/Corequisite: Prerequisites: BIOL 120/121 and BIOL 122/123 with grades of "C" or higher
Corequisite: BIOL 225
Implementation: Fall 2014

Course Title: BIOL 225 Animal Biology and Diversity Lab
Current Prerequisite/Corequisite: Prerequisites: BIOL 224
Corequisite: none
Proposed Prerequisite/Corequisite: Prerequisites: none
Corequisite: BIOL 224

Implementation: Fall 2014

Course Title: BIOL 226 Microbial Biology and Diversity
Current Prerequisites/Corequisite: Prerequisites: BIOL 120/121 and BIOL 122/123
Corequisite: BIOL 227
Proposed Prerequisites/Corequisite: Prerequisites: BIOL 120/121 and BIOL 122/123 with grades of "C" or higher
Corequisite: BIOL 227

Implementation: Fall 2014

Course Title: BIOL 232 Principles of Wildlife Ecology and Management
Current Prerequisites: BIOL 120/121, BIOL 122/123 or permission of instructor
Proposed Prerequisites: BIOL 120/121 and BIOL 122/123 with grades of "C" or higher or consent of instructor

Implementation: Fall 2014

Course Title: BIOL 312 Bioinformatics
Current Prerequisites: BIOL 120-121 or 113, and BIOL 283 or MATH 183 or MATH 382 or STAT 301
Proposed Prerequisites: BIOL 120/121 with grades of "C" or higher or consent of instructor

Implementation: Fall 2014

Course Title: BIOL 317 Plant Pathology
Current Prerequisites: BIOL 120/121 and BIOL 122/123
Proposed Prerequisites: BIOL 120/121 and BIOL 122/123 with grades of "C" or higher.

Implementation: Fall 2014

Course Title: BIOL 319 Introduction to Molecular and Cell Biology
Current Prerequisites/Corequisite: Prerequisites: BIOL 120-121 and BIOL 122-123; CHEM 120-121
Corequisite: BIOL 322
Proposed Prerequisites/Corequisite: Prerequisites: BIOL 120/121 and BIOL 122/123 with grades of "C" or higher; CHEM 120/121
Corequisite: BIOL 322 or BIOL 329

Implementation: Fall 2014

Course Title: BIOL 322 Introduction to Molecular and Cell Biology Laboratory
Current Corequisite: BIOL 319
Proposed Corequisite: BIOL 319 or BIOL 327

Implementation: Fall 2014

Course Title: BIOL 325 Insect Biodiversity
Current Prerequisites: BIOL 120-121 and BIOL 122-123 or consent of instructor
Proposed Prerequisites: BIOL 120/121 and BIOL 122/123 with grades of "C" or higher or consent of instructor

Implementation: Fall 2014

Course Title: BIOL 326 Ornithology
Current Prerequisites: BIOL 120-121 and BIOL 122-123
Proposed Prerequisites: BIOL 120/121 and BIOL 122/123 with grades of "C" or higher
Implementation: Fall 2014

Course Title: BIOL 328 Immunology
Current Prerequisites: BIOL 319 and 322 or BIOL 327
Proposed Prerequisites: BIOL 319 or BIOL 327 and BIOL 322 or BIOL 329
Implementation: Fall 2014

Course Title: BIOL 334 Animal Behavior
Current Prerequisites: BIOL 120-121 and BIOL 122-123
Proposed Prerequisites: BIOL 120/121 and BIOL 122/123 with grades of "C" or higher
Implementation: Fall 2014

Course Title: BIOL 335 Neurobiology
Current Prerequisites: BIOL 120-121 and BIOL 122-123; or consent of instructor
Proposed Prerequisites: BIOL 120/121 and BIOL 122/123 with grades of "C" or higher or consent of instructor
Implementation: Fall 2014

Course Title: BIOL 350 Introduction to Recombinant Genetics
Current Prerequisites: BIOL 319 and 322
Proposed Prerequisites: BIOL 120/121 and BIOL 122/123 with grades of "C" or higher or consent of instructor
Implementation: Fall 2014

Course Title: BIOL 377 Animal Form and Function
Current Prerequisites: BIOL 120-121 and BIOL 122-123 or consent of instructor
Proposed Prerequisites: BIOL 120/121 and BIOL 122/123 with grades of "C" or higher or consent of instructor
Implementation: Fall 2014

Course Title: BIOL 399 Research Problems in Biology
Current Prerequisite: Consent of research project director.
Proposed Prerequisites: BIOL 120/121 and BIOL 122/123 with grades of "C" or higher and consent of research project director.
Implementation: Fall 2014

Course Title: BIOL 403 Molecular Basis of Cancer
Current Prerequisites: BIOL 319 and BIOL 322 or equivalent
Proposed Prerequisites: BIOL 319 and BIOL 322 or BIOL 329

Implementation: Fall 2014

Course Title: BIOL 404 Techniques and Theory of Electron Microscopy
Current Prerequisites: BIOL 120-121 and BIOL 122-123 or consent of instructor
Proposed Prerequisites: BIOL 120/121 and BIOL 122/123 with grades of "C" or higher or consent of instructor
Implementation: Fall 2014

Course Title: BIOL 407 Virology
Current Prerequisites: BIOL 319 and BIOL 322
Proposed Prerequisites: BIOL 319 and BIOL 322 or BIOL 329
Implementation: Fall 2014

Course Title: BIOL 411 Cell Biology
Current Prerequisites: BIOL 319 and 322, or BIOL 327
Proposed Prerequisites: BIOL 319 or BIOL 327 and BIOL 322 or BIOL 329
Implementation: Fall 2014

Course Title: BIOL 420 Introduction to Toxicology
Current Prerequisites: BIOL 120-121; CHEM 314 or equivalent
Proposed Prerequisites: BIOL 120/121 and BIOL 122/123 with grades of "C" or higher or consent of instructor; CHEM 314 or equivalent
Implementation: Fall 2014

Course Title: BIOL 440 Developmental Genetics
Current Prerequisites: BIOL 319 and 322
Proposed Prerequisites: BIOL 319 or BIOL 327 and BIOL 322 or BIOL 329
Implementation: Fall 2014

Course Title: BIOL 464 Endocrinology
Current Prerequisites: BIOL 319/322 and BIOL 446/447 (recommended)
Proposed Prerequisites: BIOL 319, BIOL 322 or BIOL 329, and BIOL 446/447 (recommended)
Implementation: Fall 2014

Course Title: BIOL 490 Plants as Alternative Therapeutics
Current Prerequisites: BIOL 120-121 and BIOL 122-123
Proposed Prerequisites: BIOL 120-121 and BIOL 122-123 with grades of "C" or higher
Implementation: Fall 2014

Course Title: BIOL 495 Molecular Genetics
Current Prerequisite: BIOL 312
Proposed Prerequisite: BIOL 319 or BIOL 327 or consent of instructor
Implementation: Fall 2014

Course Title: BIOL 496 Plant Biotechnology
Current Prerequisites: BIOL 319 and BIOL 322; AGRO 110 or BIOL 222
Proposed Prerequisites: BIOL 319 and BIOL 322 or BIOL 329; AGRO 110 or BIOL 222/223
Implementation: Fall 2014

Department of Computer Science:

Proposal to revise course prerequisites

Course Title: CS 170 Problem Solving and Programming
Current Prerequisite: 2 years of high school algebra
Proposed Prerequisite: Eligibility for MATH 116
Implementation: Fall 2014

Department of Geography and Geology:

Proposal to revise a course title

Current Course Title: GEOG 200 Introduction to Latin America
Proposed Course Title: Latin American Society: Past and Present
Proposed Abbr. Course Title: Latin America Past and Present
Credit Hours: 3.0 hrs.
Implementation: Fall 2014

Proposal to delete a course

Course Title: GEOG 318 Geographic Information Systems for Engineers
Implementation: Fall 2014

Proposal to revise course prerequisites

Course Title: GEOL 430 Optical Mineralogy
Current Prerequisite: GEOL 330
Proposed Prerequisite: GEOL 325 or GEOL 330
Implementation: Spring 2015

Course Title: METR 422 Physical Climatology
Current Prerequisites: GEOG 424 and MATH 237 and PHYS 265 or permission of instructor
Proposed Prerequisites: METR 324 and MATH 237, both with grades of C or better
Implementation: Fall 2014

Course Title: METR 431 Dynamic Meteorology I
Current Prerequisites: GEOG 424 and MATH 237 and PHYS 265 or permission of instructor
Proposed Prerequisites: METR 324 and MATH 237, both with grades of C or better
Implementation: Fall 2014

Course Title: METR 432 Synoptic Meteorology
Current Prerequisites: GEOG 424 and MATH 237 and PHYS 265 or permission of instructor

Proposed Prerequisites: METR 324 and MATH 237, both with grades of C or better
Implementation: Fall 2014

Course Title: METR 433 Dynamic Meteorology II
Current Prerequisite: GEOG 431
Proposed Prerequisite: METR 431 with a grade of C or better.
Implementation: Fall 2014

Course Title: METR 437 Mesoscale Meteorology
Current Prerequisites: GEOG 424 and MATH 237 and PHYS 265 or permission of instructor.
Proposed Prerequisite: METR 432 with a grade of C or better.
Implementation: Fall 2014

Course Title: METR 438 Physical Meteorology
Current Prerequisites: GEOG 424 and MATH 237 and PHYS 265 or permission of instructor.
Proposed Prerequisite: METR 431 with a grade of C or better.
Implementation: Fall 2014

Course Title: METR 439 Atmospheric Modeling
Current Prerequisites: CS 245 and GEOG 424
Proposed Prerequisites: METR 324 and CS 170 both with grades of C or better.
Implementation: Fall 2014

Proposal to delete a program

Program Title: Geology (Professional Major)
Reference Number: 677
Required Hours: 40.0 hrs.
Effective Catalog Year: Fall 2014

**See revised proposal for revisions.*

Department of Psychological Sciences:

Proposals to create an equivalent course

Course Title: PSY 100 Introduction to Psychology
Identification: PSYS 100
Implementation: Fall 2014

Course Title: PSY 210 Research Methods in Psychology
Identification: PSYS 210
Implementation: Fall 2014

Course Title: PSY 211 Research Methods in Psychology Laboratory
Identification: PSYS 211
Implementation: Fall 2014

Course Title: PSY 220 Introduction to Developmental Psychology
Identification: PSYS 220
Implementation: Fall 2014

Course Title: PSY 290 Supervised Study in Psychology
Identification: PSYS 290
Implementation: Fall 2014

Course Title: PSY 313 Statistics in Psychology
Identification: PSYS 313
Implementation: Fall 2014

Course Title: PSY 331 Psychology of Learning
Identification: PSYS 331
Implementation: Fall 2014

Course Title: PSY 350 Social Psychology
Identification: PSYS 350
Implementation: Fall 2014

Course Title: PSY 440 Abnormal Psychology
Identification: PSYS 440
Implementation: Fall 2014

Course Title: PSY 481 History of Psychology
Identification: PSYS 481
Implementation: Fall 2014

Course Title: PSY 490 Research, Readings, or Special Projects in Psychology
Identification: PSYS 490
Implementation: Fall 2014

Course Title: PSY 499 Senior Seminar in Psychology
Identification: PSYS 499
Implementation: Fall 2014

Proposals to revise a course number

Course Title: PSYS 345 Psychology of Sexuality
Current Course Number: PSYS 345
Proposed Course Number: PSYS 483
Implementation: Fall 2014

Course Title: PSYS 405 Cognitive Psychology
Current Course Number: PSYS 405
Proposed Course Number: PSYS 333
Implementation: Fall 2014

Course Title: PSYS 407 Psychology of Language
Current Course Number: PSYS 407
Proposed Course Number: PSYS 431
Implementation: Fall 2014

Course Title: PSYS 430 Psychology of Women
Current Course Number: PSYS 430
Proposed Course Number: PSYS 453
Implementation: Fall 2014

Course Title: PSYS 480 Behavioral Neuroscience
Current Course Number: PSYS 480
Proposed Course Number: PSYS 360
Implementation: Fall 2014

Course Title: PSYS 483 Evolutionary Psychology
Current Course Number: PSYS 483
Proposed Course Number: PSYS 463
Implementation: Fall 2014

Course Title: PSYS 485 Psychology of Religion
Current Course Number: PSYS 485
Proposed Course Number: PSYS 451
Implementation: Fall 2014

ACTION AGENDA

John Khouryieh moved approval of the following **proposal to make multiple revisions to a course from the Department of Biology:**

Course Title: BIOL 283 Introductory Biostatistics
Current Course Number: BIOL 283
Proposed Course Number: BIOL 382
Current Prerequisites: BIOL 120-121, BIOL 122-123, and MATH 118
Proposed Prerequisites: BIOL 120/121 and BIOL 122/123 with grades of "C" or higher or consent of instructor; MATH 117 (or equivalent or higher).
Current Credit Hours: 4.0 hrs.
Proposed Credit Hours: 3.0 hrs.
Implementation: Fall 2014

Molly Kerby seconded the motion. The motion carried.

John Khouryieh moved approval of the following **proposal to make multiple revisions to a course from the Department of Biology:**

Course Title: BIOL 315 Ecology
Current Prerequisites: BIOL 222-223 or BIOL 224-225 or BIOL 226-227
Proposed Prerequisites: BIOL 120/121 and BIOL 122/123 with grades of “C” or higher.
Current Catalog Listing: A study of the fundamental principles of ecology. Laboratory work includes research and computer techniques for analysis and synthesis. A field trip may be required.
Proposed Catalog Listing: A study of the fundamental principles of ecology.
Current Credit Hours: 4.5 hrs.
Proposed Credit Hours: 3.0 hrs.
Implementation: Fall 2014

Grace Lartey seconded the motion. The motion carried.

Scott Stroot moved approval of the following **proposal to create a new course from the Department of Biology:**

Course Title: BIOL *337 Genetics Laboratory
Proposed Abbr. Course Title: Genetics Laboratory
Credit Hours: 1.0 hrs.
Corequisite: BIOL 319 or BIOL 327
Catalog Listing: A laboratory-based study of genetics, focusing on heredity, molecular and developmental genetics, genomics, and population genetics. Modern laboratory techniques are emphasized. Course fee
Implementation: Fall 2014

**Friendly amendment.*

Molly Kerby seconded the motion. The motion carried.

Scott Stroot moved approval of the following **proposal to make multiple revisions to a course from the Department of Biology:**

Course Title: BIOL 327 Genetics
Current Prerequisites: BIOL 120-121 and BIOL 122-123
Proposed Prerequisites: BIOL 120/121 and BIOL 122/123 with grades of “C” or higher.
Current Catalog Listing: A study of the fundamental principles of heredity in eukaryotic organisms.
Proposed Catalog Listing: A study of the fundamental principles of heredity in eukaryotic organisms.
Current Credit Hours: 4.0 hrs.
Proposed Credit Hours: 3.0 hrs.
Implementation: Fall 2014

**See revised proposal for revisions.*

John Khouryieh seconded the motion. The motion carried.

John Khouryieh moved approval of the following **proposal to make multiple revisions to a course from the Department of Biology:**

Course Title: BIOL 430 Evolution
Current Course Number: BIOL 430
Proposed Course Number: BIOL 316
Current Prerequisites: BIOL 319 and BIOL 322 or BIOL 327
Proposed Prerequisites: BIOL 120/121 and BIOL 122/123 with grades of “C” or higher.
Implementation: Fall 2014

Grace Lartey seconded the motion. The motion carried.

John Khouryieh moved approval of the following **proposal to create a new course from the Department of Biology:**

Course Title: BIOL 336 Food Microbiology
Proposed Abbr. Course Title: Food Microbiology
Credit Hours: 3.0 hrs.
Prerequisites: BIOL 207/208, BIOL 226/227, or consent of instructor
Catalog Listing: A comprehensive understanding of food microbiology, including foodborne pathogenic bacteria, beneficial bacteria, microbial impact on food processing, control of microorganisms in food, and food regulations. This course may include off-campus travels to food processing companies or government laboratories.
Implementation: Fall 2014

**See revised proposal for revisions.*

Grace Lartey seconded the motion. The motion carried.

John Khouryieh moved approval of the following **proposal to revise a program from the Department of Biology:**

Program Title: Major in Biology
Reference Number: 525
Required Hours: 48.0 hrs.
Identification:

- Removal of BIOL 322 (Introduction to Cellular and Molecular Biology Lab) as the sole corequisite of BIOL 319 (Introduction to Cellular and Molecular Biology)
- Partitioning the integrated lab component of BIOL 327 (Genetics) into a stand-alone lab course, BIOL 329 (Genetics Lab)
- BIOL 322 or BIOL 329 can be taken as the corequisite lab course in combination with either BIOL 319 or BIOL 327
- Removal of the integrated lab component of BIOL 315 (Ecology), thereby reducing the credit hours for this course from 4.5 to 3
- Changing BIOL 430 (Evolution) to BIOL 316 to better reflect the evaluatory system used in this course
- Require a minimum of five upper division laboratory experience courses

Effective Catalog Year: Fall 2014

Molly Kerby seconded the motion. The motion carried.

John Khouryieh moved approval of the following **proposal to revise a program from the Department of Biology:**

Program Title: Major in Biology
Reference Number: 617
Required Hours: 36.0 hrs.
Identification:

- Removal of BIOL 322 (Introduction to Cellular and Molecular Biology Lab) as the sole corequisite of BIOL 319 (Introduction to Cellular and Molecular Biology)
- Partitioning the integrated lab component of BIOL 327 (Genetics) into a stand-alone lab course, BIOL 329 (Genetics Lab)
- BIOL 322 or BIOL 329 can be taken as the corequisite lab course in combination with either BIOL 319 or BIOL 327
- Removal of the integrated lab component of BIOL 315 (Ecology), thereby reducing the credit hours for this course from 4.5 to 3
- Changing BIOL 430 (Evolution) to BIOL 316 to better reflect the evaluatory system used in this course
- Require a minimum of three upper division laboratory experience courses

Effective Catalog Year: Fall 2014

Aaron Wichman seconded the motion. The motion carried.

John Khouryieh moved approval of the following **proposal to create a new certificate program from the Ogden College of Science and Engineering:**

Program Title: Food Science Certificate
Reference Number: TBD
Required Hours: 12.0 hrs.
Identification: The certificate in Food Science (reference number xxxx) is designed for a student seeking a career in the food industry. The certificate requires 12 semester hours with 6 hours required as BIOL 336 and CHEM *307 and 6 hours of elective courses from the following list of courses: AGEC 360, AGEC 468, AGRI 101, AGRI 315, AGRI 493, AGRO 110, AGRO 311, AGRO 320, AMS 301, AMS 303, AMS 352, AMS 395, ANSC 140, ANSC 141, ANSC 340, BIOL 470, HMD 151, HMD 152, HMD 211, HMD 251, or a course approved by an advisor.
Effective Catalog Year: *Fall 2014

See revised proposal for revisions.

**Friendly amendment.*

Scott Stroot seconded the motion. The motion carried.

John Khouryieh moved approval of the following **proposal to make multiple revisions to a course from the Department of Geography and Geology:**

Current Course Title: GEOG 210 Human Ecology
Proposed Course Title: Environment and Ecological Policy
Proposed Abbr. Course Title: Environment Ecological Policy

Current Catalog Listing: A course designed to examine the human elements as a functional variable within an ecosystem through the study of culture groups and mutual interrelationships with their immediate natural and social environment.

Proposed Catalog Listing: A survey of the geography, history, and current conditions of environment and ecological policy development and decision-making, particularly in the U.S., with an examination of the human element as a functional variable within the natural environment.

Implementation: Fall 2014

Molly Kerby seconded the motion. The motion carried.

John Khouryieh moved approval of the following **proposal to make multiple revisions to a course from the Department of Geography and Geology:**

Current Course Title: GEOG 280 Introduction to Environmental Science

Proposed Course Title: Environmental Science and Sustainability

Proposed Abbr. Course Title: Environmental Sci Sustainability

Current Catalog Listing: An introductory course devoted to the study of environmental issues. A general understanding of application of science to solution of contemporary environmental problems. Equivalent to AGRI 280, BIOL 280, ENV 280, and PH 280.

Proposed Catalog Listing: A general understanding of geoscience applications in solving contemporary environmental problems. Lab component provides practical experiences associated with the theories outlined in the course content.
**Course fee required.*

Current Credit Hours: 3.0 hrs.

Proposed Credit Hours: 4.0 hrs.

Implementation: Fall 2014

**Friendly amendment.*

Aaron Wichman seconded the motion. The motion carried.

Scott Stroot moved approval of the following **proposal to make multiple revisions to a course from the Department of Geography and Geology:**

Current Course Title: GEOG 300 Geographic Research Methods

Proposed Course Title: Writing in the Geosciences

Proposed Abbr. Course Title: Writing in the Geosciences

Current Prerequisites: GEOG 100 or GEOL 100 or GEOL 111, and GEOG 110; or Instructor's permission.

Proposed Prerequisites: GEOG 103 or GEOL 103, and GEOG 110

Current Catalog Listing: An examination of the field of geography as an academic discipline. The course content will include a review of various philosophies of the field as well as geographic research, analysis, and writing application.

Proposed Catalog Listing: Students conduct investigations into writing, reading, and research conventions in the geosciences and receive advanced instruction in planning, drafting, arranging, revising, and editing geoscience-specific essays and research projects.

Implementation: Fall 2014

John Khouryieh seconded the motion. The motion carried.

John Khouryieh moved approval of the following **proposal to make multiple revisions to a course from the Department of Geography and Geology:**

Current Course Title: GEOG 452 Field Studies in Geography
Proposed Course Title: Geoscience Field Experiences
Proposed Abbr. Course Title: Geoscience Field Experiences
Current Prerequisite: Permission of the Instructor.
Proposed Prerequisite: Junior Standing OR Instructor's Permission.
Current Catalog Listing: Field methods are emphasized in problems, which are assigned. Field work is required.
Proposed Catalog Listing: Field techniques and research experiences are emphasized in a variety of settings, including locally, at Study Away and Study Abroad destinations, field camps, and other national or international settings. ~~*A course fee is required.~~ *May be repeated for a maximum of 6 credit hours.
Current Credit Hours: 3.0 hrs.
Proposed Credit Hours: 3-6 hrs.
Implementation: Fall 2014
**Friendly amendment.*
Molly Kerby seconded the motion. The motion carried.

John Khouryieh moved approval of the following **proposal to make multiple revisions to a course from the Department of Geography and Geology:**

Current Course Title: GEOG 495 Supervised Practicum
Proposed Course Title: Research Practicum or Internship
Proposed Abbr. Course Title: Research Practicum or Intern
Current Catalog Listing: Supervised experience in a cooperating government, community, or private concern. May be repeated for a maximum of 12 credit hours. A maximum of 9 credit hours of practicum can be earned in minor programs.
Proposed Catalog Listing: Supervised research or internship with faculty, government, community, or private concerns. May be repeated for a maximum of 12 credit hours in the major, with a maximum of 6 credit hours permitted in minor programs.
Implementation: Fall 2014

Scott Stroot seconded the motion. The motion carried.

John Khouryieh moved approval of the following **proposal to make multiple revisions to a course from the Department of Geography and Geology:**

Current Course Title: GEOL 432 Crystallography
Proposed Course Title: Diffraction and Spectroscopy
Proposed Abbr. Course Title: Diffraction and Spectroscopy

Current Prerequisite: GEOL 330 or CHEM 222 or PHYS 266
 Proposed Prerequisite: GEOL 325 or GEOL 330 or CHEM 222 or PHYS 266
 Current Catalog Listing: An introduction to the theory and experimental practices of modern crystallography. Focuses on the study of symmetry and crystal structures and their physical and chemical properties in environmentally important Earth materials. Laboratory fee required.
 Proposed Catalog Listing: Theory and experimental practices of modern analytical techniques for the analysis of crystal structures. Focuses on the study of crystallography, crystal chemistry, and their physical and chemical properties. Laboratory fee required.
 Implementation: Fall 2014

Molly Kerby seconded the motion. The motion carried.

John Khouryieh moved approval of the following **proposal to discontinue course equivalencies from the Department of Geography and Geology:**

Course Title: GEOG 280 Introduction to Environmental Science
 Course Prefixes and Numbers: AGRI 280, ENV 280, PH 280. BIOL 280
 Implementation: Fall 2014

Aaron Wichman seconded the motion. The motion carried.

John Khouryieh moved approval of the following **proposal to revise course credit hours from the Department of Geography and Geology:**

Course Title: GEOG 391 Spatial Data Analysis and Interpretation
 Current Credit Hours: 3.0 hrs.
 Proposed Credit Hours: 4.0 hrs.
 Implementation: Fall 2014

Molly Kerby seconded the motion. The motion carried.

John Khouryieh moved approval of the following **proposal to revise a program from the Department of Geography and Geology:**

Program Title: Geography
 Reference Number: 674
 Required Hours: 36.0 hrs.
 Identification:

- Change program title to Geography and Environmental Studies (Extended Major)
- Consolidate existing program concentrations (Land, Weather, Climate; Environmental Planning and Resource Management; Planning and GIS; Cultural Geography; Honors Geography; and Karst Geoscience) into four new concentrations: 1) Cultural Geography; 2) Environmental Science; 3) Environment and Climate; and 4) Karst Geoscience and

Water Resources

- Increase total number of program hours to 52
- Remove minor program requirement to fit in a 120-hour WKU undergraduate program with the increased total number of program hours
- Reflect new or changed courses in the program options.

Effective Catalog Year: Fall 2014

Aaron Wichkman seconded the motion. The motion carried.

John Khouryieh moved approval of the following **proposal to revise a program from the Department of Geography and Geology:**

Program Title: Minor in Geography

Reference Number: 374

Required Hours: 21.0 hrs.

- Identification:
- Reduce required program hours to 18
 - Change structure of the program to require 6 hours of preparatory coursework and 12 hours of advanced coursework.
 - Delete techniques course requirement and delete GEOG 330 from the list of required courses.
 - Change course number of GEOG 100 to GEOG 103 and accept either GEOG or GEOL 103 as a required course.

Effective Catalog Year: Fall 2014

Aaron Wichman seconded the motion. The motion carried.

John Khouryieh moved approval of the following **proposal to revise a program from the Department of Geography and Geology:**

Program Title: Geology: Extended Major

Reference Number: 577

Required Hours: 52.0 hrs.

- Identification:
- Change program title to Geology Extended Major
 - Reduce total number of hours outside the major to fit in a 120-hour WKU undergraduate program
 - Remove field camp as a fixed requirement. It is now elective, or it can be used towards the major in place of GEOL 380 plus a Field Course combination.
 - Moved introductory biology requirement to program electives.
 - Move GEOG 391 (Spatial Data Analysis) to elective course category. GEOG 391 has a prerequisite of MATH 183 (Statistics), which is not required for the geology degree.
 - Add a new option for graduation, Geology B.S. Extended Major with Honors. A student can achieve this if a set of minimum requirements are met (12 additional hours in Geology electives and a GPA of ≥ 3.25)
 - Add a Physics alternative class. Now students have a choice between

two physics classes. This increases scheduling flexibility and can accommodate varying student interests.

- Add new requirement: GEOL 399 (1 hour required and up to 3 hours can be applied to the program) of research experiences. GEOL 399 is an existing course.
- New course associated with this proposal: GEOG 452 – Geoscience Field Experiences (3-6 hours) – which can be used for field camp transfer equivalency or appropriate WKU field courses (such as Study Abroad and Study Away courses). Examples: Bahamas Geology and Mojave Desert Geology, both of which have been offered as GEOL 475 in the past

Effective Catalog Year: Fall 2014

Aaron Wichman seconded the motion. The motion carried.

John Khouryieh moved approval of the following **proposal to revise a program from the Department of Geography and Geology:**

Program Title: Major in Meteorology

Reference Number: 578

Required Hours: 49.5 hrs.

- Identification:
- The meteorology course prefix changed from GEOG to METR
 - Program hours decreased from 49.5 to 48 hours
 - The Foundational/Technique/Thematic/Professional program structure is replaced with a simpler Required/Elective program structure
 - GEOG 100/GEOL 102/GEOL 111 is replaced with METR 122 Aviation Meteorology
 - GEOG 110 was removed
 - CS 245 was removed
 - GEOG 391 name changed to Spatial Data Analysis
 - GEOG 300 name changed to Writing in the Geosciences
 - The course number for Weather Analysis was changed from 424 to 324
 - The number of additional required courses was changed from 26 to 25 to reflect changes from the Math Department in the numbering of calculus courses
 - CS 180 Computer Science I was replaced by CS 170 Problem Solving and Programming
 - METR 325, 422, 438 are no longer required and are now electives

Effective Catalog Year: Fall 2014

Aaron Wichman seconded the motion. The motion carried.

Aaron Wichman moved approval of the following **proposal to create a new course from the Potter College of Arts and Letters and the Department of Mathematics:**

Course Title: MATH 240 Geometry in Art and Architecture

Abbr. Course Title: Geometry in Art and Architecture

Credit Hours: 3.0 hrs.

Prerequisite: Any Colonnade MATH course with a B or better or a Math ACT of at least 24 or an MPE of 20

Catalog Listing: Euclidean geometry with historical applications in art and architecture, such as tiling, circular and spiral designs, designs of the great cathedrals in Europe, Buddhist stupas in Asia, Islamic art, the development of visual perspective, and musical ratios. ~~*This course is cross-listed with HUM 240.~~

Implementation: Fall 2014

**Friendly amendment.*

John Khouryieh seconded the motion. The motion carried.

Aaron Wichman moved approval of the following **proposal to make multiple revisions to a course from the Department of Psychological Sciences:**

Current Course Title: PSYS 361 Psychological Tests and Measurement

Proposed Course Title: Psychological Measurement

Abbr. Course Title: Psych Measurement

Current Course Number: PSYS 361

Proposed Course Number: PSYS 413

Implementation: Fall 2014

Grace Lartey seconded the motion. The motion carried.

Aaron Wichman moved approval of the following **proposal to make multiple revisions to a course from the Department of Psychological Sciences:**

Current Course Title: PSYS 411 Psychology of Sensation and Perception

Proposed Course Title: Sensory and Perceptual Systems

Abbr. Course Title: SENS/PERCEP

Current Course Number: PSYS 411

Proposed Course Number: PSYS 363

Current Prerequisites: PSY 100 and junior standing or permission of the instructor.

Proposed Prerequisite: Sophomore standing or permission of the instructor.

Current Catalog Listing: PSY 411. PSYCHOLOGY OF SENSATION AND PERCEPTION (3)
Prerequisites: PSY 100 and junior standing or permission of the instructor.
Basic sensory mechanisms involved in taste, smell, hearing, and sight, with primary emphasis on auditory and visual perception. Topics include speech perception; visual illusions; color vision; perception of form, shape, movement, time, and space; perceptual motor coordination; and the development of perception.

Proposed Catalog Listing: PSYS 363. SENSORY AND PERCEPTUAL SYSTEMS. (3) Prerequisites: Sophomore standing or permission of the instructor. Examination of human/animal sensory and perceptual systems using neurophysiological and psychophysical methods. Examination of both subcortical and cortical brain functioning. Emphasizes the visual, tactile/haptic, and auditory systems.

Implementation: Fall 2014

John Khouryieh seconded the motion. The motion carried.

John Khouryieh moved approval of the following **proposal to create a new course from the Department of Psychological Sciences:**

Proposed Course Title: PSYS 433 Judgment and Decision Making
Proposed Abbr. Course Title: Judgment and Decision Making
Proposed Credit Hours: 3.0 hrs.
Proposed Prerequisites: PSYS 210/PSY 210 and PSYS 211/PSY 211 or permission of the instructor.
Proposed Catalog Listing: Description and analysis of how actual decisions differ from optimal decisions. Survey of judgments under risk and uncertainty and of major topics in judgment research.
Implementation: Fall 2014

Molly Kerby seconded the motion. The motion carried.

Aaron Wichman moved approval of the following **proposal to create a new course from the Department of Psychological Sciences:**

Proposed Course Title: PSYS 462 Neuroscience of Learning and Memory
Proposed Abbr. Course Title: Neuro Learning Memory
Proposed Credit Hours: 3.0 hrs.
Proposed Prerequisites: PSYS 330 Cognitive Psychology or PSYS 315 Psychology of Learning, and PSYS 360 Behavioral Neuroscience
Proposed Catalog Listing: Introduction to the neural basis of learning and memory. Topics include cellular and molecular mechanisms of learning and memory, neural substrates of different learning and memory systems, impairment of learning and memory tied to brain disorders.
Implementation: Fall 2014

John Khouryieh seconded the motion. The motion carried.

Aaron Wichman the following **proposal to create a new course from the Department of Psychological Sciences:**

Proposed Course Title: PSYS 465 Psychopharmacology
Proposed Abbr. Course Title: Psychopharmacology
Proposed Credit Hours: 3.0 hrs.
Proposed Prerequisites: Junior standing or permission of the instructor.
Proposed Catalog Listing: Examination of psychoactive drugs and their effects upon the brain and neural mechanisms responsible for mind and behavior.
Implementation: Spring 2015

John Khouryieh seconded the motion. The motion carried.

Aaron Wichman moved approval of the following **proposal to revise a program from the Department of Psychological Sciences:**

Program Title: Major in Psychology*

Reference Number:

591

Required Hours:

52.0 hrs.

Identification:

- Catalog description has changed
- Total credit hours have been reduced to 37 and a minor or second major is required
- Degree type has been changed from AB to BS
- Students now have the option to complete the program via one of the six thematic concentrations listed below or they may create their own individualized concentration:
 - Applied Psychological Science
 - Biobehavioral Psychology
 - Clinical Psychological Science
 - Cognitive Psychology
 - Developmental Science
 - Social Psychology
- Program components have been renamed or reorganized as follows:
 - Developmental Psychology is now Developmental Processes
 - Learning/Cognition is now Learning and Cognition
 - Social/Industrial-Organizational/Motivation and Personality/Abnormal have been combined into Individual Differences and Social Processes
 - Biological Psychology is now Biological Bases of Behavior and Mental Processes
 - Field Experience/Independent Study is now Capstone
 - Applied Psychology is subsumed into the Concentration in Applied Psychology
 - Psychology Electives is now Concentration Courses
- Course prefixes, numbers, and titles have been revised (course revisions have been submitted in separate proposals)
- Three new courses have been added and five courses have been dropped.

Addendum:

Proposals to revise course prefixes, numbers, and titles, establish equivalencies, and create new courses have been submitted separately. The following table summarizes these changes.

Original			New		
Prefix	#	Course Title	Prefix	#	Course Title
Psy	100	Introductory Psychology	Psy/Psys	100	Introductory Psychology

Effective Catalog Year:

Fall 2014

**Fred Stickle made a motion to change the name of the program to Major in Psychological Science. Barbara Fiehn seconded the motion. Scott Stroot called for the question and the motion carried. The vote was 7 in favor; 5 opposed; 1 abstention.*

Grace Lartey seconded the motion to approve the program revision. The motion carried.

UCC POLICIES AND PROCEDURE

Molly Kerby moved approval of the **proposal to revise the residency requirement for Graduation Honors Designations from the Academic Policy Subcommittee**. Aaron Wichman seconded the motion. The motion carried.

Scott Stroot moved approval of the **proposal to revise General Education Requirements for Associate Degrees from the University College**. Grace Lartey seconded the motion. The motion carried.

**Note: For clarification, the Arts and Humanities (AH) requirement may include AH-tagged courses in both the Arts and Humanities and Literary Studies sections of the Colonnade Program. Similarly, the Social and Behavioral (SB) requirement may include SB-tagged courses in both the Social and Behavioral Sciences and World History categories of the Colonnade Program.*

UNIVERSITY COLLEGE

CONSENT AGENDA

The consent agenda was approved.

Department of Liberal Arts and Sciences:

Proposal to delete a course

Course Title: GEO 100C Intro to Physical Environment
Implementation: Spring 2015

Department of Diversity & Community Studies:

Proposal to revise course prerequisites

Course Title: ICSR 499 Public Work
Current Prerequisites: ICSR 300 and permission of instructor.
Proposed Prerequisite: ICSR 200 or permission of instructor.
Implementation: Fall 2014

School of Professional Studies:

Proposal to suspend a program

Program Title: A.A. in Information Systems
Reference Number: 223
Required Hours: 60.0 hrs.
Effective Catalog Year: Fall 2014

Program Title: A.A. in Office Systems Technologies
Reference Number: 291
Required Hours: 60.0 hrs.
Effective Catalog Year: Fall 2014

ACTION AGENDA

Molly Kerby moved approval of the following **proposal to revise a course number from the Department of Liberal Arts and Sciences:**

Course Title: BIO 275C Human Pathophysiology
Current Course Number: BIO 275C
Proposed Course Number: BIO 270C
Implementation: 201510 (or 201430 if possible)

Barbara Fiehn seconded the motion.

Scott Stroot moved to table the motion definitely until the next meeting. Grace Lartey seconded the motion. The motion to table definitely carried.

Scott Stroot moved approval of the following **proposal to make multiple revisions to a course from the School of Professional Studies:**

Course Title: UC 176 (UCC 176C) Special Topics
Current Corequisite: UC 175
Proposed Prerequisite: Permission of instructor.
Current Catalog Listing: UC 176 provides special topics emphasis to UC 175. Students will receive three credit hours for the combined UC 175 and 176.
Proposed Catalog Listing: Exploration of a particular topic; varies by instructor and section.
Current Credit Hours: 1.0 hrs.
Proposed Credit Hours: 1.0 hrs.; repeatable for a maximum of 3 hours.
Current Grade Type: Standard Letter.
Proposed Grade Type: Pass/fail.
Implementation: Fall 2014

Scott Stroot seconded the motion. The motion carried.

Scott Stroot moved approval of the following **proposal to make multiple revisions to a course from the School of Professional Studies:**

Course Title: IDST 399 Special Topics in Interdisciplinary Studies
Current Catalog Listing: A detailed study of selected topics in interdisciplinary studies that lend themselves to interdisciplinary problem solving. Course may be repeated one time with a different topic.
Proposed Catalog Listing: A detailed study of selected topics in interdisciplinary studies that lend themselves to interdisciplinary problem solving. Course may be repeated with different topics up to a maximum of six credit hours.
Current Credit Hours: 3.0 hrs.
Proposed Credit Hours: 1-3, repeatable with a maximum of six credit hours.
Implementation: Fall 2014

Aaron Wichman seconded the motion. The motion carried.

Scott Stroot moved approval of the following **proposal to create a new minor program from the Department of Diversity and Community Studies:**

Program Title: Citizenship & Social Justice
Reference Number: TBD
CIP Code: 33.0104 Community Involvement
Required Hours: 22.0 hrs.
Identification: A minor in Citizenship & Social Justice provides graduates with a foundational understanding of concepts, issues, strategies, and practices of social justice from interdisciplinary and community-based perspectives. Students will engage citizenship and social justice through multiple lenses of critical theory. The minor requires a minimum of 22 credit hours, 10 in ICSR core courses and 12 in electives.
Effective Catalog Year: Fall 2014

Molly Kerby seconded the motion. The motion carried.

Scott Stroot moved approval of the following **proposal to revise a program from the School of Professional Studies:**

Program Title: Paralegal Studies
Reference Number: 276
Required Hours: 64-66 hrs.
Identification:

- Adoption of Colonnade requirements for all associate degrees at WKU
- Modification of electives to include PLS elective
- Change in catalog description

Effective Catalog Year: Fall 2014

Aaron Wichman seconded the motion. The motion carried.

Aaron Wichman moved approval of the following **proposal to revise a program from the Department of Liberal Arts and Sciences:**

Program Title: Interdisciplinary Studies (A.I.S)
Reference Number: 246
Required Hours: 60.0 hrs.
Identification:

- Adjustment of required general education courses to use the language of and more closely mirror the Colonnade Program.
- Adjustment of catalog copy to match changes.

Effective Catalog Year: Fall 2014

Scott Stroot seconded the motion. The motion carried.

Scott Stroot moved approval of the following **proposal to revise a program from the School of Professional Studies:**

Program Title: Business
Reference Number: 288

- Required Hours: 60.0 hrs.
- Identification:
- Modify the language concerning the current general education courses to language that more closely mirrors the Colonnade Program in each Concentration.
 - Reduce the general education requirements from 18 to 15 credit hours in the Business Management Preparation, Leadership, Management Information Systems, Office Management and Supervision, and Real Estate Concentrations.
 - Ensure the general education requirements we ask for are flexible and fully transferable as Colonnade courses to a baccalaureate degree.
 - Add one additional 300 level course in concentration of the Management Preparation Concentration.
 - Add one INS elective in the concentration of the Management Information Systems Concentration.
 - Add one BUS/RE elective in the concentration of the Real Estate Concentration.
 - Delete the Water Utilities Management Concentration
- Effective Catalog Year: Fall 2014

Aaron Wichman seconded the motion. The motion carried.

V. Report from the Chair

Chair Chance-Fox announced that as course revisions are submitted references to General Education Categories will be referenced to Colonnade courses.

VI. Announcements

The meeting adjourned at 5:20 p.m.

Respectfully submitted,

Melna Wilson, Recorder
